Deepesh Prajapati

Address : Dighi,Pune
Email Id : prajapatideepesh998@gmail.com
Mob No : 7724818791

CAREER OBJETIVE

- Total Professional over 2+ Years of Experience in Software Development.
- Currently working as Java Software developer in **Skylight Software Solution,Pune** Since **Aug 2022** to till date.
- To work with a reputed organization which provides me challenging environment & encourages continuous learning and creativity, which stimulate both personal as well as professional growth, and to benefit both the organization as well as my career.

DEVELOPMENT SKILLS

- Good knowledge on **Software Development lifecycle**, architecting scalable platforms, **Object-oriented programming** and **design.**
- Having Skills to build web applications using **Java, Springboot.**
- Having knowledge to using micro services architecture such as MVC architecture in **Springboot**.
- Good knowledge in maintaining various version control system such as **GIT.**
- Good knowledge about object-oriented programming (**OOPS**) concepts using **Java.**
- Work with various **Java** ide's like **VsCode** and **Intelij.**
- Good knowledge in **HTML**, **CSS**, **Bootstrap**, **JavaScript.**
- Good understanding of **HTTP** methods, **REST** full Architecture.
- Deployed the project using **GIT** version control system.
- Having the proficiency of working on windows operating systems.
- Having good knowledge on scripting languages in a Java environment.
- An effective communicator with excellent interpersonal and problem-solving skills for collaborating with clients and team members.

TECHNICAL SKILLS

- **Coding Languages:**
  - ➢ **Front-end Development:** - HTML, CSS, Bootstrap, JavaScript
  - ➢ **Back-end Development:** - Java Programming
- **Framework:** Servlet, JSP, Springboot,
- **Tools:** GIT, GitHub, Jira, Postman, Jenkins
- **Databases:** SQL, MySQL

PROJECT

1. Project Name : E-Commerce Website

➢ **Description**: The E-commerce Management System project aims to develop a online Platform for managing e-commerce operations, including product management, order processing, inventory control, and customer relationship management.Built using Java programming language and Springboot web framework, the system provides a scalable and efficient solution for businesses to establish and operate their online stores.

➢ **Roles and Responsibilities:**

- Designed and develops various components of the e-commerce platform using Java technologies.this includes both front-end and back-end development.
- Developed front-end and back-end functionalities for seamless customer experience.
- Ensured website responsiveness and optimized performance.
- Creating Restful APIs using Java frameworks like SpringBoot to facilitate communication between different components of the e-commerce system, such as front-end interfaces and back-end services.
- Implemented secure payment gateways for seamless and secure online transactions.
- Utilized version control systems (e.g.Git) to manage and track changes in the code base.
- Trouble shoot coding issues and bugs.

2. Project Name : Banking Domain

➢ **Description:** This project was developed to automate core banking services, providing customers with a user-friendly platform for managing their accounts. It included features like account creation, balance inquiry, fund transfers, loan management, and transaction history. The system was designed using Java for the backend, ensuring scalability and robustness, and integrated with a secure database for data storage.

➢ **Roles and Responsibilities:**

- Developed backend logic using Java to handle banking operations like deposits,withdrawals, and fund transfers.
- Created classes and methods for key functionalities such as account management and transaction processing.
- Connected the application to a database using JDBC for secure and efficient data storage.
- Implemented exception handling to ensure smooth operation and handle errors gracefully.
- Worked closely with the team to debug and enhance application features.

SKILL

- Project Management
- Good Communication
- Problem Solving
- Team Work

- Critical Thinking
- Emotional Intelligence
- Software and application knowledge
- Administrative

EDUCATION

- **Certification Course :** Java full stack development in Perfect IT Solution.
- **B.tech (Computer Science & Engg) :** Completed from **Rajiv Gandhi Proudyogiki Vishwavidyalaya, Bhopal University** in year **2022.**

PERSONAL DETAILS

Date of Birth : 14/06/2001
Marital Status : Un-married
Languages : English, Hindi
Strengths : Positive attitude, Effective Presentation, Management Un-married
